

Virginia Workers' Compensation Commission

333 E. Franklin St., Richmond, VA 23219

877-664-2566

<https://webfile.workcomp.virginia.gov>

Welcome to WebFile for Attorneys

WebFile is the Virginia Workers' Compensation Commission's online portal to electronic records. Access to WebFile is free and through a WebFile account attorneys may note representation on, view, and manage case files. All attorneys practicing before the Commission are encouraged, but not required, to use WebFile.

Attorney Access to WebFile

To access WebFile, each firm must complete a [WebFile Attorney Registration Form](#) and submit it to webfile.support@workcomp.virginia.gov. Once the form is received, the Commission will add the firm and attorneys as necessary to its internal systems, create a Site Administrator account for the firm, and email temporary login credentials to the designated Site Administrator. The Site Administrator may then login to WebFile and activate the attorney account(s). Once an attorney account is activated the attorney will receive an email with temporary credentials to login to WebFile and note representation on, view, and manage case files. Please reference the [WebFile Guide for Attorneys](#) for comprehensive instructions.
