# **BACKGROUND**

This process applies to all Virginia Workers' Compensation Commission EDI trading partners who are handling active pre October 1, 2008 claims. All EDI Carriers and Self-Insured Employers are required to submit claims data for active claims, regardless of their date of injury, via EDI beginning July 2012. However, you may begin this process on a voluntary basis on January 2012. This process provides trading partners an alternative to having to create the full set of transactions, as well as monitor their acceptance, in the appropriate EDI formats prior to their EDI Implementation date. The Commission will monitor all Older Active Claims to ensure that all appropriate EDI transactions have been submitted accurately and timely.

## SUMMARY OF CATCH-UP CLAIMS PROCESS

This process allows trading partners to "catch up" the older active claims by filing the originating FROI (00/04/UR) on claims and any SROI related activities that have occurred on a claim. Once the originating FROI is accepted, the trading partner can file a SROI UR transaction that contains all historical information regarding the claim. The SROI UR must be a sweep that contains information normally reported on the Initial Payments Reports (IP/EP/AP/PY), Suspension of Benefits Reports (Sx or Px), Reinstatement of Benefits Reports (RB or ER), Denial Report (04), or Quarterly Report (QT), whichever may apply.

## **OPTING OUT**

Trading partners may choose to take a "business as usual" approach to managing and filing older active claims instead of the SROI UR process outlined below. In this instance, claims must be submitted for all required transactions in the proper sequence, from first payment to current transaction, and submissions must be monitored for acceptance prior to sending the next filing. Also, trading partners who decide to take this "business as usual" approach are barred from using the Catch-Up Claims process at a later date.

## PROCESS FOR FILING CATCH-UP CLAIMS

- 1. File the originating FROI (00/04/UR). Once the FROI is accepted and if SROI related activities have occurred on the claim...
- 2. File a SROI UR "catch-up transaction" with all current information. Once the SROI UR is accepted...
- 3. Begin filing as described in the VA Event Table when relevant activities occur on the claim.

Please Note:

- If SROI activities have occurred, the originating transaction will always be a FROI 00
- Filing another SROI UR will not be accepted, since it is out of sequence and represents a duplicate transaction
- Sequencing edits will be applied that allow one of the following transactions to occur: 04, Sx, Px, RB/ER, QT, FROI 02, or FROI AQ or AU

## **CATCH-UP CLAIMS SEQUENCING EXAMPLES**

1. The accepted SROI UR contains the Initial Payment Form (IP) and Suspension Information (S1) for the claim. The next form that can be filed is an RB/ER/04, FROI 02, or FROI AQ or AU.

2. The accepted SROI UR contains the Initial Payment Form (IP), Suspension Information (S1), and Reinstatement Information (RB) for the claim. The next transaction that can be filed is an Sx, 04, QT, FROI 02, or FROI AQ or AU, depending upon the situation.

## **CATCH-UP CLAIMS SAMPLE SCENARIOS**

#### Minor Injury

#### Narrative:

Injury is reported, No lost time and Medicals are less than \$1000. No other activity occurs on the claim.

#### Sequence of Business Events:

Event 1 FROI UR\* – First Report – Claim Type Code must be "N" Notification Only No other reports are required at this time.

\*A 00 may also be filed if the Carrier prefers to send a full data set

## Lost time injury occurs

Narrative:

Injury is reported, and becomes lost time.

#### Sequence of Business Events:

Event 1 FROI 00 – First Report Event 2 SROI UR – See Event Details as follows
